

COMPANY PROFILE

TCCL

**TROPICAL CABLE
& CONDUCTOR LIMITED**

ABOUT US

From its location on 8 fully built up acres of land in Ghana's Industrial Port City of Tema, Tropical Cable & Conductor Limited (TCCL), incorporated in 1997, has made impressive progress.

TCCL has production capacity currently at 8,000 tonnes of Copper and Aluminium per annum. This phenomenal growth has been achieved by manufacturing world class quality conductors and cables for West Africa's Energy, Real Estate, Construction and Mining sectors.

Tropical Cable and Conductor's remarkable growth is embellished by a number of firsts.

- In 1997, it became the first wholly Ghanaian owned cable manufacturer
- First cable manufacturer to be listed in the prestigious Ghana Club 100, in 2003
- First cable manufacturer to be ISO 9001 Quality Management Systems certified in West African, in 2004.
- First, cable manufacturer to commission armouring lines in 2006 for the manufacture of Underground Power Armoured Cables.
- In 2007, an Aluminium Rod Manufacturing subsidiary, Western Rod & Wire Limited was set up, and remains the only Aluminium Rod Manufacturing plant in West Africa.
- In 2015, TCCL became the first cable manufacturer in Ghana to commence compounding of its own insulation and sheathing materials.

In the next decade we intend to increase our efforts and consolidate our vision of becoming an African Industrial Giant.

VISION

To become an African Industrial Giant

MISSION

We use the best human and material resources for the profitable manufacture and marketing of excellent quality cables and conductors
